

THUNDER IN THE VALLEY DRAG RACE

ENTRY RULES

Vehicles will be required to pass a tech inspection before being allowed to race. As well as the tech inspection, each operator of the vehicle must have a valid driver's license, as well as a vehicle insurance and registration where applicable.

All vehicles will be inspected for the following:

- Functional seatbelt/harness
- Approved helmets
- Working Breaks
- Good Tires and lug nuts in place
- Radiator overflow container
- All hoses in good shape
- No fluid leaks
- Body must be in an acceptable condition (no parts falling off)
- All non-secured hub caps must be removed
- Motorcycle drivers are required to have either leather or equivalent jacket and gloves. (NO cloth or nylon)
- Must meet IHRA tech requirements where applicable.
- Acceptable vehicles and operators will be allowed to make up to three passes on the track. This is subject to car count, weather and breakdowns.
- No passengers are allowed in the vehicles while going down the race track.
- All drivers are required to participate in a short drivers meeting before allowed on the track.
- Return Road Speed 30 Km per hour.
